## HUN DELEGATION ARRIVES TONIGHT

German Envoys Pass Through Cologne Early Today and Will Sign Peace Treaty Tomorrow.

### WILSON TO SIGN AGREEMENT

Will Affix Signature to Pact Agreeing to Aid France in Case of Unprovoked Attack.

(By United Press.)

Versailles, June 27.—The German delegation who will sign the peace treaty, will arrive at 9 o'clock tonight, Sec. Von Haniel was notified this afternoon.

Paris, June 27.—An undertaking under the terms of which Great Britain and the United States agree to aid France in the event of an unprovoked attack on her, is being drawn up in treaty form. This agreement will be signed by President Wilson before he leaves. If not finished it will be signed by Sec. Lansing.

The agreement will be submitted to congress in treaty form.

Versailles, June 27.—The German delegation which will sign the peace treaty, will leave Berlin at midnight and will arrive in Paris at seven o'clock tomorrow morning, it was announced today.

The party was scheduled to reach Dusseldorf at three o'clock this afternoon.

Foreign Minister Mueller and Colonial Minister Bell, the German signatories, are accompanied by three high officials. There are also three legation secretaries in the party.

Herr Geisberts and Herr Lienert, who has been appointed to sign with Mueller, withdrew at the last moment.

Paris, June 27.—German envoys on the way to Paris to sign the peace treaty passed through Cologne early today, according to advices arriving via Coblenz. The delegates, Herman Mueller, foreign minister, and Dr. Bell, colonial secretary, are expected to reach Versailles in ample time for the ceremony of signing, to take place in the hall of mirrors at 3 o'clock Saturday afternoon. President Wilson plans to leave for Brest shortly after signing the pact, and to sail for home at noon Sunday.

On the advice of the council of four the Chinese delegates have agreed to sign the treaty unreservedly, with the understanding that a protocol later will be added to the treaty stating that they signed with the understanding that Japan would return the Shantung concessions to China within a stipulated time.

Disappointment over what is termed the apparent weakness of the present German government is not concealed in peace conference circles, and the feeling has been expressed that the signing of this peace treaty may mean little more than did the signing by the Bolsheviks at Brest-Litovsk.

The defiant tone of the German note, which grudgingly agreed to sign the treaty without reservations created an unfavorable impression on members of the various delegations, and this seemingly has been intensified by the delay of the Germans in arranging to carry out their promises.

The insistence of Germany in replies to the peace conference that it can not check outbursts due to dissatisfaction which the terms of the treaty has made a bad impression on the delegates, who generally regard it as an attempt to shield possible military movements.

### MOB LYNCHES NEGRO

Jackson, Miss., June 27.—John Hartfield, negro, confessed assassin of a young white woman, was lynched by a mob at Ellisville, Miss. yesterday afternoon. Governor Bledsoe said he was powerless to act.

## THE PRESIDENT WILL ACT

Officials and Congressmen Expect Him to Repeal Part of Dry Act

(By United Press.)

Washington, D. C., June 27.—With only three days off until the war time prohibition is due to go into effect, the situation today was: Prominent officials and members of the congress believed the president will take some action to repeal the war time prohibition as it affects light wines and beer. The action, it is believed, will come up on signing of the peace treaty.

Enforcement legislation for both war-time prohibition and constitutional prohibition have been reported to the house bill of two sections. The vote on the reported legislation was 17 to 2.

## FRED HILLIGOSS WINS JURY VERDICT

Sued For \$5,000 Damages in Libel Suit Filed Here by Orville E. Woolridge of Greenville, Ill.

### IS TRIED IN SHELBYVILLE

Fred Hilligoss won a verdict in the Shelby circuit court at Shelbyville yesterday evening when the jury decided in his favor in a \$5,000 libel suit filed in the local circuit court by Orville E. Woolridge of Greenville, Ill., and taken to Shelbyville on change of venue. The case went to trial Tuesday morning. The jury deliberated only nine minutes.

The plaintiff charges the defendant damaged his character when he wrote a letter to the plaintiff's mother, charging him with being a "shyster" and that the plaintiff was due to spend two to fourteen years in the penitentiary.

The defense was justification. The trouble between the two men arose over patents on an automobile transmission and starter which the Rush county man financed in 1913. Their business relations continued until 1917. Chauncey Duncan of this city represented the defendant.

## WANTED TO LIVE ON ESTATE IN SILESIA

Former Crown Prince Believed to be Carrying Out Plans Which he Recently Expressed.

### PREDICTED WAR IN 10 YEARS

(By United Press.)

The Hague, June 27.—The Dutch government officially announced that the former German crown prince still is on the Island of Wieringen.

London, June 27.—Frederick Wilhelm, former German crown prince, reported yesterday to have escaped from Holland into Germany, was believed today to have attempted to carry out his plans he recently expressed of living in his estate in Silesia after peace is signed.

"East Prussia and Silesia will never agree to Polish domination," the former crown prince was quoted as saying.

"There will be another war within ten years. Belgium, Serbia, Italy, Roumania and Greece will be furious at the peace treaty. Only France, Britain and America will be satisfied.

"After peace is signed I intend to live on my estate in Silesia."

### NAVY FLYERS BACK

New York, June 27.—The transport Zeppelin passed the hook at two o'clock bringing into New York the navy currier, trans-Atlantic flyers. Owing to the heavy rains and fog only a few aircraft flew out to escort the heroes into the port.

## STRIKE SITUATION GROWING SERIOUS

Railroad and Telegraph Trouble in Germany Becomes General and Food Riots Frequent.

### UPRISING IN MANY CITIES

Leading Berlin Papers, Realizing Gravity of Situation, Plead For Coolness and Reason.

(By United Press.)

Basle, June 27.—The strike situation in Germany is growing serious, according to advices received today. Railroad and telegraph trouble is becoming general. Raids on food stations have been reported. Spartan uprisings have occurred in several cities, but government troops were ready to suppress them.

The threatened tie-up of transportation which might lead to famine in districts where they depend upon outside help, caused much alarm in those districts.

To offset the Spartan menace a number of counter revolutionary moves are said to have been planned.

Leading Berlin papers, realizing the gravity of the situation, plead for coolness and reason.

The riots in Hamburg grew out of unequal distribution of foodstuff and profiteering. The situation excited the populace to such a point that gun plots were engaged in.

Hundreds of persons were killed and wounded. Hamburg is in complete control by armed workmen. They overpowered government troops and established a dictatorship and drew up an offense against government reinforced troops.

## COUNTER REVOLT STOPPED

(By United Press.)

Copenhagen, June 27.—A counter revolutionary move against the Hungarian Soviets in Budapest has been suppressed, according to a dispatch received this morning.

In addition to the street fighting river monitors, bombarded Soviet headquarters Tuesday night. Large crowds came to the banks of the river to see the bombardment and cheered and waved flags.

The last advices received stated that order had been restored and that Soviet army guards were patrolling the streets.

## WILL FIGHT FOR THE ACQUITTAL OF BUNCH

Friends of Muncie Mayor Say Every Effort Will be Made to Prove His Innocence.

### PROSECUTOR DENIES GUILT.

(By United Press.)

Muncie, June 27.—Friends of Mayor Rollin H. Bunch who, with Prosecuting Attorney Murphy, was arrested here yesterday on charges of conspiracy and misuse of the mails in connection with operators of a gang who have swindled wealthy men of the country out of \$250,000 or more through fake prize fights, said today that a fight will be made to the last for the acquittal of the mayor.

Bunch declined to make any statement regarding the arrest but indicated that he was not worried.

Murphy stated that yesterday was the bluest day of his life since it was the first time that he was arrested. He stated that "I can only affirm my complete innocence of the matter. I have never known of the existence of the alleged gang."

## GRADING SYSTEM TO BE DISCUSSED

Meeting of Threshermen and Farmers of the County is Called For 8:30 O'clock Tonight

### SEVERAL THINGS TO COME UP

Elmer Hutchinson Will Explain New Method of Grading—Plans For Saving Grain

A meeting of threshermen and farmers of the county has been called for tonight at 8:30 o'clock, at the sheriff's office in the court house, to discuss the new system of grading wheat, methods of saving grain and means of increasing the wheat yield of the county.

Marion F. Detrick, agricultural agent for this county, has sent out letters to a representative of each threshing company in the county, and has asked each to bring a crowd from his neighborhood. It is feared that misunderstandings will arise in grading grain, because of the new plan which will be employed this year, and for this reason the county agent is anxious to have many threshermen and farmers present.

The county agent will explain how the farmers of Rush county can increase their wheat yields at least two bushels an acre by fighting disease alone. This would mean a big saving to Rush county, with an estimated acreage of 54,800.

At this meeting methods of saving grain will be discussed. The new system of grading wheat will be demonstrated and discussed by Elmer Hutchinson of Arlington, who spent several weeks in Government work investigating the application of the official grain standards.

Word has been received here of the announcement by the government wheat director that licenses must be procured from the government.

## CASE DISMISSED FOR LACK OF JURISDICTION

Affidavit Against Sanford Heaton, Charging Provoke, Will be Re-filed in Noble Township

### OTHER TRIALS POSTPONED

The case of the state against Sanford Heaton, for provoke, was dismissed by Special Judge J. V. Young in Squire J. P. Stech's court today, shortly before noon today, when it was found that the local court lacked jurisdiction because of a law which says that charges of this character must be filed in the township where the alleged crime was committed or where the defendant lives. The affidavit will be re-filed before Squire Thomas Helman of Noble township, where the alleged fight between Heaton and Arie Colestock, the prosecuting witness, is said to have taken place.

The jury had been impaneled when the testimony of the prosecuting witness brought out the fact that Heaton is alleged to have provoked Colestock to strike at the former's home in Noble township. The defendant's attorneys then moved the case be dismissed and filed a motion requesting the special judge to instruct the jury to acquit Heaton, alleging that he had been put in jeopardy. Special Judge Young overruled the motion on the theory that he could not put Heaton's case in jeopardy if he had no jurisdiction to try it.

Two other cases against Heaton for surety of peace and assault and battery were postponed until July 22 because the state wishes to try the provoke case first.

## CURTIS IS NOT COMING BACK

High School Coach Sends Word he Will Teach at Martinsville

The Rushville school board is in search of a high school teacher who can act as an athletic coach as the result of Glen Curtis, coach last year, deciding not to return next year. The board had expected Curtis back next year, having offered him an increase in salary, but word has been received from him that he has accepted a position on the Martinsville high school faculty. Curtis was a good coach and did wonders with the basketball team and track team, and for this reason the school authorities were very anxious to have him back.

## SHORTAGE OF FARM LABOR IS REPORTED

Farmers Appeal to County Agent For Help During Harvest—Wheat Cutting at Full Tilt

### RAINS DELAY WORK SLIGHTLY

A great shortage of farm labor in Rush county is reported by Marion F. Detrick, county agricultural agent. In spite of the fact that scores of soldiers are returning to Rush county every week, farmers appeal to the county agent daily for help during the harvest. This is the busiest season of the year for farmers, with the corn crop to lay by, the wheat harvest at its height and the hay crop to be harvested. It was expected that farm labor conditions would be improved this season, with the army being demobilized so fast, but this has not proved to be the case.

There are said to be few farms in Rush county where wheat cutting is not going full tilt. In spite of setbacks this week, due to the frequent rains, farmers have made good progress with wheat cutting. The straw is very heavy this year and farmers were very anxious to get it in the sheaf as soon as it possibly could be cut so that they would suffer no loss from it blowing down. It is said that in a few cases fields have been blown down but that the loss will be of little consequence.

## TWO MEN ARRESTED AT ARLINGTON RINK

William Taylor and Sylvia Miller Accused of Carrying Concealed Weapons and Intoxication

### THEY DENY BOTH CHARGES

William Taylor and Sylvia Miller were arrested in Arlington late yesterday afternoon, each charged with public intoxication and carrying concealed weapons. Each declares that he is not guilty of either offense and will stand trial before Mayor Irvin next Monday. Taylor's trial has been set for 4 p. m. and Miller's for 9 a. m.

The affidavits against the two men were filed by Miss Freda Warfield of this city, who telephoned to the police to come and get them. The alleged trouble is said to have happened at the skating rink in Arlington, where Miss Warfield was skating with another man.

Miller and Taylor both assert that they had not had a drink of intoxicating liquor and that neither one of them carried a gun. They told the police that they could produce plenty of witnesses who would testify that what they said was true. Both gave bond for their appearance in court Monday.

## JURY RETURN A VERDICT FOR \$220

Finds For Plaintiff, Arthur B. Hall of Near Charlottesville, But He Must Pay Costs

### VACATION COURT TO BE HELD

Number of State Cases, Civil Cases And Two Divorce Suits Set Down For Week of Aug. 4

The jury returned a verdict in favor of the plaintiff in the case of Arthur B. Hall of near Charlottesville against Harry M. Arnold, in circuit court late yesterday afternoon, awarding him a judgment of \$220 for a team of horses which he sold to the defendant at a sale on his farm March 7.

On March 27, after the suit had been filed, Arnold offered to confess judgment for \$225 and costs, which the plaintiff refused, and on account of this circumstance, it is said that the plaintiff will have to pay the costs of the case before he offered to settle for more than the judgment awarded by the jury.

Arnold stopped payment on a check for \$514.10, which he gave when he bought the team of gray mares, because one of the mares died while the team was being delivered by Hall. Arnold also alleged that the other mare was not sound, as represented by Hall, because she had had the sweeney.

Judge Sparks over-ruled a motion for a new trial in the case in which he sustained the objections of Rhoda Wells Owens to the final report of Frank J. Hall, administrator of the estate of her first husband, Frank Wells, who was killed by a C. I. & W. train at the Spencer street crossing in August, 1916.

In sustaining the objections to the final report, March 29, with a finding and judgment for the defendant, the court ordered the administrator to amend the final report by accounting for \$300 additional which was not inventoried. The costs were assessed against the plaintiff. The motion for a new trial was filed April 28.

The case of the state against Andrew Walls, charged with wife desertion, has been dismissed because Walls and his wife are again living together.

Judge Sparks has arranged for a week of court during vacation. It will be held during the first week in August and the calendar has been made out. The vacation court was arranged principally for the purpose of trying the case of Farlow against Farlow, in which an agreement was recently reached for a disposition of the wheat crop on the farm in dispute until the hearing could be held.

The Farlow case is set down for the first day, Monday, August fourth together with the case of the state against Max Pearsey, who yesterday was released on his own recognizance. He is accused of petit larceny in connection with the theft.

## WILL BUILD A NEW CHURCH

U. B. Superintendent Here to Help Pastor Decide on a Location.

The Rev. S. E. Shannon, superintendent of the United Brethren church in this conference, was in Rushville yesterday helping the pastor, the Rev. Emma Miller to decide on a location on which to build a church for the local congregation here. They have a number of places in view in the northwest part of Rushville and hope to be ready to occupy a place of their own soon. The interest among the people of the congregation has been gaining and the present pastor organized the church.

## REVIEWERS PUT ON \$183,600 THURSDAY

Continues Reassessment of Real Estate and Improvements Between Harrison and Morgan

ARE WORKING FASTER NOW.

The county board of review valued the real estate and improvements from Ninth to Fourteenth streets, between Main and Morgan, and from Water to Second between Morgan and Harrison streets, yesterday, at \$183,600. The board continued working north today between Morgan and Harrison.

The board is making more time now than it did at first, and judging from the progress made yesterday was likely to complete the reappraisal of real estate and improvements from Second to the north corporation line between Morgan and Harrison streets, today.

Due to a typographical error Wednesday, it was stated that a brick building and the land on which it is located in South Main street, belonging to Mrs. Owen L. Carr, was assessed at \$900. It should have been \$9,000.

From Ninth to Fourteenth streets between Main and Morgan, valuations were fixed as follows:

Elizabeth Megee, \$5,200; Myrtle Renegar, \$2,000; Maggie Gray, \$3,500; Mary E. Powell, \$3,500; Kate Wyatt, \$5,000; Levi and Nancy Retherford, \$3,500; Arthur B. Irvin, \$5,000; Jonathan P. Fore, \$3,000; Arville R. Herkless, \$4,400; John L. ment by wheat buyers before they can engage in the business of buying and selling wheat. They are now under license for 1918 and it is expected that the new licenses will be issued within the next few days. Application form are being issued to buyers, president and made public through president and made public through Julius Barnes, federal wheat director, will go into effect July 15. It applies to the business of storing or distributing wheat, or manufacturing, storing or distributing wheat flour as well as to the manufacture of bread or other bakers products, either wholly or partly from wheat flour.

The exceptions are listed as follows:  
 (A) Bakers and manufacturers of bakery products whose consumption of flour in the manufacture of such products is, in the aggregate, less than fifty barrels per month.  
 (B) Retailers and farmers or

cooperative associations of farmers or other persons with respect to the products of any farm or other land owned, leased or cultivated by them.

Common carriers are required to secure on or before July 15 a license from Mr. Barnes "in such form, under such conditions, and under such rules and regulations governing the conduct of the business as he may from time to time prescribe".

It is explained that farmers who sell wheat grown on their own farms or on land under their control are not required to secure licenses, but if they make a business of buying wheat for shipment they must comply with the regulation.

At the Blush Mills it was stated that the purpose of the license is to protect the farmer so that he will receive the guaranteed price for the 1918 crop. The guaranteed price for this year is \$2.25 at Chicago, which means that the local price probably will be \$2.10, which is two cents higher than during the thrashing season last summer.

## Commercial Feeds

Last year Indiana feeders purchased 750,000,000 pounds of commercial feeds for their hogs, cattle, horses, sheep, chickens, etc. This seems a large amount, but on reflection it is only about 165 pounds for each hog within the state. It has been estimated the average consumption of feed per hog is around 925 pounds. One hundred and sixty-five pounds of corn will put on about 29 pounds of pork. A good feeder can put on 100 pounds of pork with 375 pounds of FAT BACK HOG FEED in dry lot feeding. On grasses much less feed is consumed.

When you are finishing hogs try using from two-thirds to one-third of FAT BACK with your corn, rye, barley, etc. Just see 'em grow. F. B. alone is a balanced ration.

FAT BACK at \$63.75 a ton is the cheapest feed on earth or anywhere else. We ship F. B. anywhere.

Continues Reassessment of Real Estate and Improvements Between Harrison and Morgan

**ARE WORKING FASTER NOW.**

The county board of review valued the real estate and improvements from Ninth to Fourteenth street, between Main and Morgan, and from Water to Second between Morgan and Harrison streets, yesterday, at \$183,600. The board continued working north today between Morgan and Harrison.

The board is making more time now than it did at first, and judging from the progress made yesterday was likely to complete the reappraisal of real estate and improvements from Second to the north corporation line between Morgan and Harrison streets, today.

Due to a typographical error Wednesday, it was stated that a brick building and the land on which it is located in South Main street, belonging to Mrs. Owen L. Carr, was assessed at \$900. It should have been \$9,000.

From Ninth to Fourteenth streets between Main and Morgan, valuations were fixed as follows:

Elizabeth Megee, \$5,200; Myrtle Renegar, \$2,000; Maggie Gray, \$3,500; Mary E. Powell, \$3,500; Kate Wyatt, \$5,000; Levi and Nancy Retherford, \$3,500; Arthur B. Irvin, \$5,000; Jonathan F. Fore, \$3,000; Arville R. Herkless, \$4,400; John L. Williamson, \$1,700; James and Bell Foster, \$2,800; Josiah and Mary Bishop, \$3,500; Lucinda Caldwell, \$2,800; Clara and Norman Norris, \$2,100; Roy Abercrombie, \$7,300; Ned Abercrombie, \$5,000; Alonzo L. Stewart, \$6,000; Hillary and Cornelia B. Haydon, \$4,800; Chester M. George, \$4,200; Cary M. Jackson, \$4,000; John S. Abercrombie, \$5,000; Albert L. Allen, \$5,500; William A. Allen, \$5,500; Robert Mansfield, \$6,500; Roy Waggener, \$3,000; Thomas Canley, \$2,000; Robert Cox heirs (2 properties) \$5,200; William B. Poe, \$3,000; Charles Hugo, \$3,000; John and Nancy Bussell, \$3,200; Kate Crosby, \$3,500; Anna C. Moses, \$3,000; Jennie T. Kincaid, \$3,000; George W. Giffin, \$4,000; Mary A. Fritter, \$2,800; Mary F. Madden, \$1,200; John P. Madden, \$1,400.

From Water street to Second between Morgan and Harrison streets, values were fixed as follows:

John H. Brecheisen, \$3,000; Thomas and Ventura Cline, \$2,500; Bertha Carmichael, \$800; James C. Clore (two properties) \$1,600; Albert and Elizabeth M. Chew (four improvements) \$2,500; Edward A. Lee, \$500; Michael Cooning, \$500; Callaghan and Havens, \$4,500; Albert and Elizabeth M. Chew, \$2,400; Thomas J. Downey, \$2,200; Fred B. Johnson (two properties) \$5,000; Hugo Schamlized (two properties, \$3,500; George and Anna Wingerter, \$2,700; Mary J. Cowling \$3,500; Ollie M. McMillin, \$2,000; Frances Hackman, \$3,900; John Kennard, \$2,500.

ment by wheat buyers before they can engage in the business of buying and selling wheat. They are now under license for 1918 and it is expected that the new licenses will be issued within the next few days. Application form are being issued to buyers.

president and made public through Julius Barnes, federal wheat director, will go into effect July 15. It applies to the business of storing or distributing wheat, or manufacturing, storing or distributing wheat flour" as well as to the manufacture of bread or other bakers products, either wholly or partly from wheat flour.

The exceptions are listed as follows:

(A) Bakers and manufacturers of bakery products whose consumption of flour in the manufacture of such products is, in the aggregate, less than fifty barrels per month.  
(B) Retailers and farmers or

cooperative associations of farmers, or other persons with respect to the products of any farm or other land owned, leased or cultivated by them.

Common carriers are required to secure on or before July 15 a license from Mr. Barnes "in such form, under such conditions, and under such rules and regulations governing the conduct of the business as he may from time to time prescribe".

It is explained that farmers who sell wheat grown on their own farms or on land under their control are not required to secure licenses, but if they make a business of buying wheat for shipment they must comply with the regulation.

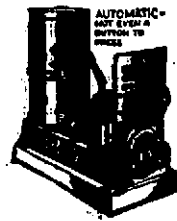

At the Blush Mills it was stated that the purpose of the license is to protect the farmer so that he will receive the guaranteed price for the 1918 crop. The guaranteed price for this year is \$2.25 at Chicago, which means that the local price probably will be \$2.10, which is two cents higher than during the thrashing season last summer.

**Commercial Feeds**

Last year Indiana feeders purchased 750,000,000 pounds of commercial feeds for their hogs, cattle, horses, sheep, chickens, etc. This seems a large amount, but on reflection it is only about 165 pounds for each hog within the state. It has been estimated the average consumption of feed per hog is around 925 pounds. One hundred and sixty-five pounds of corn will put on about 29 pounds of pork. A good feeder can put on 100 pounds of pork with 375 pounds of FAT BACK HOG FEED in dry lot feeding. On grasses much less feed is consumed.

When you are finishing hogs try using from two-thirds to one-third of PAT BACK with your corn, rye, barley, etc. Just see 'em grow. F. B. alone is a balanced ration.

FAT BACK at \$63.75 a ton is the cheapest feed on earth or anywhere else. We ship F. B. anywhere.

**BUGGY WITH 8 SMALL CHILDREN OVERTURNS**

Elizabeth Macy, 8 Years Old, is Badly Injured and Remainder Escape With Bruises

**ACCIDENT NEAR MANILLA**

Elizabeth Macy, twelve years old, the daughter of Mr. and Mrs. Thomas Macy, northwest of Manilla, was painfully injured, Tuesday, when a buggy in which she was riding with seven small children, who were on their way to attend a Children's Day exercise rehearsal at the Friends' church near Manilla, overturned at a sharp curve in the road.

The Macy girl's little brother, George, was driving the horse and upon coming to a sharp turn in the road, he reined in the horse too suddenly and resulted in the buggy being overturned. The children were saved from injury on account of the gentleness of the horse, which did not run away when the carriage turned over. Miss Macy suffered a dislocated elbow and the bone above the elbow was fractured.

She was taken to Manilla, where Dr. Emerson Barnum and Dr. W. E. Barnum dressed the injury. An X-ray was taken of the fracture and dislocated joint, as it is feared that the girl might lose the use of the member if the injury does not heal properly.

The buggy was crowded with seven children, besides Miss Macy, who were being taken to the church for rehearsal of their parts in the Children's Day program, which will be given soon.

**Days Pickings**

Frank George will move his automobile agency from its present location at 113 West Second street to the building in East Second street formerly occupied by Knecht and Gartin.

The preparatory service will be held at the First Presbyterian church tonight at 7:30 o'clock. All members of the church are urged to be present. The meeting of the session is called immediately after the service for the purpose of examining members who may be received in the communion service Sunday morning.

Lieut. Posey Denning, who landed in the United States last Friday from overseas, called his parents, Mr. and Mrs. Ab Denning, by telephone from Indianapolis, last night, while enroute to Camp Funston, Kansas, where he will be discharged. Lieut. Denning is in charge of the 8th Field Artillery of the 7th division, a regular army outfit.

All Hands on Unidentified Craft Believed to Have Perished

(By United Press.)

New York, June 27.—One steamship, Friendship, bound for Buenos Aires, carrying a cargo of linseed, was badly damaged in a collision with a Japanese steamer early today.

New York, June 27.—A Japanese steamship stated in a wireless navy radio station early today that she was unable to find any trace of a vessel that she collided with 60 miles off the coast of New York.

It was the belief that all hands on the unidentified craft perished. Navy officials agreed with the Japanese ship captain that the vessel probably was a small fishing boat.

**Baby Coming To Your Home?**

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful, glorious time when you shall hold in your arms the little babe, which is of your flesh and blood, with feelings of mingling?

Now is the time to get in condition to meet the crisis, and three generations of mothers have found in the time-honored preparation, Mother's Friend, a grateful, penetrating remedy to prepare their systems to withstand the shock.

The action of this famous remedy is to relieve tension on drawn nerves, cords, tendons and ligaments, to relieve strain and discomforts, such as nausea, nervousness, heartburn and stretching pains. By regular use during the period the muscles expand easily when baby is born; pain and danger at the crisis is naturally less and the hours are fewer. Do not regret the use of Mother's Friend. It is for external application only, is absolutely safe and wonderfully effective.

Write the Bradfield Regulator Company, Dept. N, 1234 Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store. It is just as standard as anything you can think of.

The Social Dozen club met yesterday afternoon with Mrs. Will Smith at her home in North Main street. Needlework was the diversion for the afternoon and at a late hour a luncheon was served.

Mrs. Russell Skipton, Miss Jeanette Clark and Mrs. Allen Blackledge will entertain at the Social club next Thursday afternoon in honor of Miss Alma Green, whose engagement to Harry Logan of near Clarksburg was recently announced.

The Thursday Afternoon Card club was entertained yesterday afternoon at the home of Mrs. Bert Mullin in North Perkins street. The guests spent the afternoon playing bridge and at the end of the playing light refreshments were served.

Mrs. J. M. Amos was hostess for the members of the Happy-go-Lucky club yesterday afternoon at her country home south of the city. Twelve extra guests were present to enjoy the social afternoon. At the close of the meeting a delicious luncheon was served by the hostess.

Mrs. Ben Humes entertained the members of the Thursday Afternoon Bridge club yesterday afternoon at her home southeast of the city. Besides the members, two guests, Mrs. Hillary Haydon and Mrs. John P. Frazee, Jr., enjoyed the afternoon over the card tables. At a late hour delicious refreshments were served.

The members of the Industrial club enjoyed a social afternoon over various kinds of needlework yesterday afternoon at the home of Mrs. Cora McMahon, in West Second street. After a short business session the hostess served light refreshments. The next meeting will

be held in two weeks with Mrs. Cornelia Lyons.

A surprise miscellaneous shower was given last evening for Mr. and Mrs. Osro Farthing, who were recently married, at their newly furnished home in East Seventh street. Forty-one guests were present to enjoy the evening with the newly married couple. They received many beautiful and useful presents. At a late hour refreshments were served.

Mrs. Norman Crum was hostess for the Yomo club yesterday afternoon at her home in West Seventh street. Seven members enjoyed the afternoon socially with needlework. Mrs. J. R. Mulholland of Harrisburg, Ill., who is the house guest of Mrs. Howard Ewbank, was a guest at the meeting. At the close of the social hours, Mrs. Crum served a delicious luncheon.

Mrs. Glen Dolan delightfully entertained the members of the Priscilla Art Club of Falmouth yesterday afternoon at her home south of Bentonville. Nine members and six guests were present. The out of town guests were Mrs. Laura Suter of Campbellsburg, Ky., and Mrs. Doris Ochiltree, of Connorsville. After an afternoon of needlework, light refreshments were served.

The members of the Les Demoselles Societe enjoyed a delightful dinner party, Wednesday evening, at the home of Miss Kathryn Williams, west of the city. A unique decoration scheme was used in the large living room of the home, using the society's flower, sweet-peas, and its colors of black and white. Upon entering the dining room, the guests received a pleasant surprise as the room was a veritable bower of flowers and hearts, and at each plate, tiny hearts tied with a small wedding bell announced the engagement of Miss Lois Gates, of near Homer, and Ernest Corrie, of Madison, Indiana. Miss Gates is one of the popular young ladies in her community and is well known as a talented violinist. The romance began at Hanover College, where both were students. Mr. Corrie is a member of the Phi Gamma Delta fraternity of Hanover college. The dinner party yesterday is the first of a series of charming affairs which will be given in honor of the bride-elect. Guests at the dinner were Mrs. Byron Gates and Mrs. Charles Cassidy.

"To make in a coat and hat!"  
Said the kitchen sink to the kitchen stove,  
"That's naught to what I tell you:  
They've even taken the roller towel,  
"To make in a dress or two."

New York, June 27.—Designers have delved into the four corners of the earth for their inspirations. From the Orient, they have snatched barbaric gorgeousness. From the outskirts of civilization they have brought the scant skirts of the Hottentots and other denizens of the torrid zone, who spurn nether garments almost as much as the modern Parisienne. We have had wild Western and Indian influences mingling with our dressing and peasant pleasures and Cossack costumes with Bolshevik trimmings from the Russian steppes. Spain and China have been combed for fashion hints and now the poor desperate designers haven't a single new weird foreign fashion center to turn to.

That's probably why a couple of summers ago they were driven to the wall of their own domestic domiciles for inspiration and, having scaled it, landed in the bathroom, where they proceeded to evolve amazing frocks and turbans out of the terry-cloth bath towels and mats. Now their feendish ingenuity and sartorial sleuthing has taken them below stairs and in the culinary department they seek and find their nearest confections.

Out of the ordinary oilcloth, like the kitchen tubs and tables bays worn for years, the smartest and most swagger of motor coats and travel togs are made. Aside from their really attractive appearance, they have the double charm of being so practical and durable, and they shed both dust and moisture like perfect ducks.

Thanks possibly to the Bohemian studio dwellers of Greenwich Village, whose oilcloth splashes behind the one-burner gas pocket kitchen range just must match up with the rest of the studio color scheme, oilcloth now comes in many varied shades. Lovely Dutch blue, glowing orange, rich henna, coolish green and warmish rose now add themselves to the imitation wood or marble, attuned on a plain black or white oilcloth of our early kitchen memories. We have been used to the plain black or white sailor shape rain and sport hats, but in these new colorings the most coquettish and quaintly attractive closefitting motor bonnets and turbans are erected to match up the swagger oilcloth coats.

Two or more color combinations are used in the smartest of the oilcloth motor coat and hat models, and, of course, there are also effective oilcloth bags to carry on the color scheme and on the arm.

As for the smart linen suits and dresses converted from the natural color linen of the roller towels, with their red and blue borders used effectively for trimming, the result simply wipes all other linen costumes off the sartorial map.

One of the most attractive models has short sleeves, finished with a band of the red and blue striped border. The stripes also run around the neck and straight down either side of the waist and the skirt, to simulate a panel which on the waist is filled in with a little gilet of solid stripes, sewed together horizontally. Cunning square pockets outlined with the stripes show on the skirt and a parasol of the plain toweling, with a border of the stripes, completes the novel toilet. It seems only fitting to make one's toilet with a towel, after all.

This time, indeed, the designers seem to have done well to invade the backstairs' realms and drag roller towels and oilcloth, Cinderella like, out of the kitchen to become right royal raiment, but the next question is, "Where do we go from here?"

## Na-tu-ra

Is a well-tried unsurpassed remedy for all forms of catarrh, whether acute, chronic, ulcerative, systemic, either the running or the dry form.

John Fell, Druggist, Greentown, Ind., says: I am writing you to tell you that I have been handling your remedy NA-TU-RA for about 18 months with splendid success. I have many recommendations for Na-tu-ra from my patrons and no complaints against it. We have used Na-tu-ra in our own family with splendid results. Our son John has had catarrh since a child. It affected his tonsils badly; for the past five years has had inflamed tonsils most of the time, and had tonsillitis frequently; not being able to attend school regular any winter on account of it. About 18 months ago we began giving him Na-tu-ra. The soreness in his tonsils soon began to disappear and he has not had tonsillitis since. I have no hesitancy in recommending Na-tu-ra.

# Acid-Stomach Makes 9 Out of 10 People Suffer

Doctors declare that more than 70 non-organic diseases can be traced to Acid-Stomach. Starting with indigestion, heartburn, belching, food-repeating, bloating, sour, gassy stomach, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of Acid-Stomach everywhere—people who are subject to nervousness, headache, insomnia, bad humors—people who suffer from rheumatism, backache, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

If you suffer from stomach trouble or, even if you don't feel any stomach distress, yet are weak and ailing, feel tired and dragged out, lack "pep" and enthusiasm and know that something is wrong, although you cannot locate the exact cause of your trouble—you naturally want to get back your grip on health as quickly as possible. Then take EATONIC, the wonderful modern remedy that brings quick relief from pains of indigestion, belching, gassy bloating, etc. Keep your stomach strong, clean and sweet. See how you generally feel, how energetic and how quickly you gain time, vigor and vitality come back! Get a big 50c box of EATONIC from your druggist today. It is guaranteed to please you. Commanding General of A. E. F.  
Reports That 33,754 Were Killed in Action During War

## 15 HOOSIERS ARE MENTIONED

Of The 210,984 Wounded in Action, Eighty-Five Percent Have Been Returned to Duty

Washington, June 27.—The commanding general of the American Expeditionary Forces issued the following list of casualties today: Killed in action, 5; died of wounds, 1; died in aeroplane accident, 1; died of accident and other causes, 32; died of disease, 16; wounded severely, 378; wounded, degree undetermined, 70; wounded slightly, 131; missing in action, 4; total 638.

Total number of casualties to date including those reported above are: Killed in action (including 381 at sea) 33,754; died of wounds, 13,570; died of disease, 23,396; died from accident and other causes, 84,942; wounded in action (over 85 per cent returned to duty), 210,984; missing in action (not including prisoners released and returned 2,370; total to date, 289,016.

Fifteen Indiana men were included in the list for today as follows: Killed in action—Private Charles

W. Beck, Butlerville; Private Thomas Lee Wray, Indianapolis, (previously reported died); Private Samuel W. Byeecko, South Bend (previously reported missing in action); Private Burchard L. McClain, Danville (previously reported missing in action); Private George J. McDonale, French Lick (previously reported missing in action).

**Mary MacLaren at Mystic**  
Mary MacLaren has one of her best roles in Cleely Osborne, "The Amazing Wife," in the photodrama of that name, showing at the Mystic Theatre today. She plays the part of a young woman who passes herself as the widow of a young officer killed in France, the idea being suggested by the fact that he bore the same name as her own husband. She repents of the deception, but it is too late to draw back, for the "dead" officer returns, an error in the casualty lists having led to the report of his death.

"The Agonies of Agnes," a great comedy, is coming on Saturday to the Mystic Theatre. Marie Dressler, the famous comedienne stars in this production, and makes hundreds of laughs by her inimitable fun-making. "The Agonies of Agnes" is jam-packed with fun.

Anita King will also be seen tomorrow in "Whatever The Cost." She plays the role of a girl who dresses as a boy. When seen admiring some girl's clothes in a shop window, the boys called her "sissy boy." They regretted it. The "sissy boy" doubled her fists into hard knots and punched with telling aim and terrific speed. She didn't bite or scratch or do any of the unfair things a girl sometimes resorts to, but oh, how she could punch you right where you felt it! It was with no little honest relief that the boys heard the director's order to stop.

**Last Time For "Oh You Women"**  
John Emerson and Anita Loos, authors of "Oh, you women," which will be shown for the last time at the Princess theater tonight, have enriched the motion pictures with the most extraordinary series of satirical comedies yet produced.

They began their partnership three years ago with the production of "His Picture in the Papers" for Douglas Fairbanks. This was followed by "The Americano," "In Again, Out Again," "Wild and Woolly," "Down to Earth" and "Reaching for the Moon" for Fairbanks and "The Social Secretary" for Norma Talmadge. The same unusual quality of satire was evidenced in their first two productions for Paramount "Come On In" and "Good Bye Bill."

In "Oh, You Women!" they have treated a most timely subject in a novel and entertaining manner—always with a laugh up the sleeve, but with a very real and interesting purpose behind it. Ernest Truex and Louise Huff head a capable cast.

## SLACKER HENS DOOMED CULLING WORK STARTS

Demonstrations of Culling of Farm Poultry Flocks Will Start in August And Close in Sept.

## 2 DAY CAMPAIGN IN COUNTIES

Demonstrations of the culling of farm poultry flocks, whereby the loafing hens are eliminated, will be started by the poultry division of the Purdue University Extension Department in August and continued throughout September. L. L. Jones, of the poultry division,

states that these two months are the best ones to carry on the work of culling.

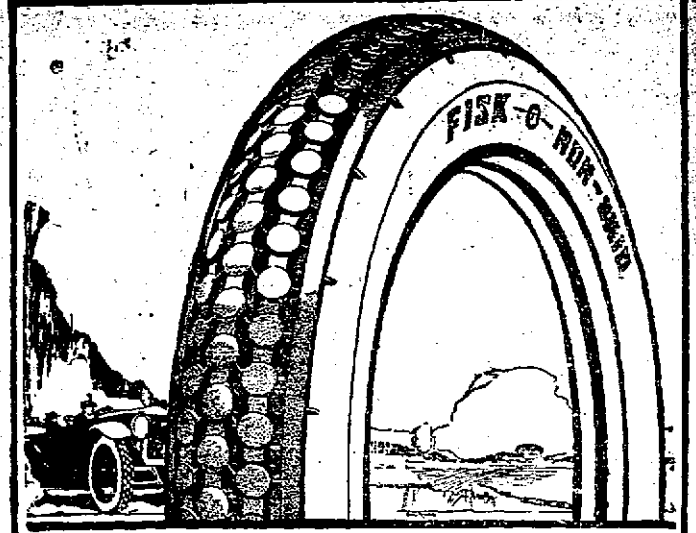

Last year, the poultry department conducted culling demonstrations in 32 counties and requests have been received from 47 counties for similar farm demonstrations this year. It is planned to conduct a two-day campaign in all counties having an agricultural agent to go onto several farms, weed out non-laying hens and show others how to cull their own flocks. The work will be started in the south part of the state and be continued northward. Persons interested in this are requested to see their county agent for exact dates.

A striking example of the value of culling is contained in the results on the farm of Mrs. Ben Hartman, at Rosedale, Parke county. Mrs. Hartman was handling 70 Barred Rock hens before the culling and after the demonstration had been given she weeded out 26 culls and retained 43 birds that showed indications of being producers. In a statement to the poultry department she said: "I fed 26 culls eleven days and they never laid an egg."

## The Copper-Clad Cabinet Range

Cooks Best  
Looks Best  
And Cleans  
Like a Dish

The Copper-Clad is a Plain Range. It is smooth like a dish. It has no rivet and bolt heads on the nickel. It has no hinges, catches or latches on the outside. They are all inside like an automobile body.

The chromized iron is framed with a silvery nickel, making it the most beautiful range in the world. The chromized iron never cracks, peels or discolors. It wipes clean like a dish.

The best thing about a Cop-

per-Clad is that it outlasts any range, because lined with pure sheet copper where other ranges rust out. Between the sweaty asbestos and range body or outer casing is a sheet of copper that keeps the body perfectly dry and free of internal rust.

No other range has this feature. Some plate the inside linings—next to the heat, but that can not stop the sweat. It's got to be between the asbestos and body.

If the Copper isn't between the Sweaty Asbestos and outer casing it is NOT a Copper Clad.

## MOTHER SHIP IS FLOATING WONDER

During Nancies Trans-Atlantic Flight Melville Acted as Seaplane Tender

FLAGSHIP OF ADMIRAL SIMS

She is Especially Popular Among Destroyer Forces Because She Carries Payroll.

By W. R. HARGRAVES  
(U. S. Staff Correspondent.)

New York, June 27—Interest among the residents of the quaint little Azorean city of Ponta Delgada was divided, during the Nancies' trans-Atlantic flight, between the United States naval seaplanes and the U. S. Melville, mother-ship of the Destroyer Flotilla No. 2. During flight the Melville also acted as seaplane tender, carrying to the Azores thousands of gallons of specially distilled "gas", spare parts enough to repair minor breaks or defects and additional emergency supplies for the crews of the sea planes should they be found necessary.

The Melville, in command of Captain John S. Arwine, U. S. N., also was the headquarters of Captain Ward K. W. Wortman, commander of the destroyer flotilla marking the line of flight from half way across the Atlantic to Lisbon.

Portuguese officials and visiting naval officers from foreign ships were amazed at the equipment of the vessel, and spent hours inspecting its many departments. The Melville according to Captain Arwine, created the same sensation at Queenstown, where it was stationed for twenty-two months during the war, caring for thirty-six destroyers and as many sub-chasers. British officials who visited the steamer were overwhelmed by the magnitude of the work done abroad. Destroyers coming alongside with funnels torn away or bows bent and twisted steamed off within a few days as sea-worthy as though they had been in dry dock. As a matter of fact, Captain Arwine said, several dry jobs were sent over from the British dry docks to be done on the Melville.

The Melville was the flagship of Admiral Sims in European waters and although there are aboard a blacksmith's and coppersmith's shop machine shop, carpenter shop, foundry, paint shop and complete printing establishment, the vessel is kept spotlessly clean. Even in the spacious and up-to-the minute hospital, where major operations have been performed, the construction of the

ship prevents noises from other parts from disturbing the patients.

During the first fourteen months of U. S. participation in the war this hospital took care of the health of the crew of the Melville, more than five hundred skilled artisans and mechanics and sailors as well as from 3,500 to 4,000 men on the destroyers.

One of the reasons why the Melville is especially popular among the destroyer forces is the fact that she carries the payroll, handling the accounts of the thousands of officers and men and paying out in excess of \$150,000 each month in wages. All bills of destroyers are paid by the Melville paymaster, who also handles the Liberty Loans and insurance affairs of the small fighting craft.

Another department that makes the Melville the center of a fleet of small boats having the appearance of bees swarming, is the canteen, where the sales average from \$12,000 to \$15,000 a month. The bake shop is a marvel of perfection and confection. More than 3,000 pounds of bread are baked there daily in addition to delicious pies and cakes. It also has capacity for turning out 100 gallons of ice cream, which it does twice a week. Members of the British royal family came aboard the Melville frequently when she was at Queenstown, for the purpose of sampling the ice cream and apple pie.

So spacious are the provision and supply departments that meat, eggs, potatoes, and vegetables sufficient to keep eighteen destroyers and the Melville for four months are carried. This is in addition to carrying enough oil in her hold to re-fuel the same number of destroyers.

In the general naval stores department can be found anything from a needle to an anchor,—in fact there are six sure anchors as well as five thousand other items that might be required to keep eighteen destroyers running six months.

Other interesting departments are the optical shop, where delicate instruments of navigation are repaired or adjusted, and the ordnance department, where depth bombs, guns, torpedo tubes and torpedoes are assembled or repaired.

A band and orchestra composed of members of the crew plays on deck, or below deck in bad weather, three times a day and when moving picture shows are given on deck also furnishes the music. When a moving picture show is to be given on the Melville, the word is wigwagged or flashed by blinker lights throughout the destroyer fleet and in a few moments small boats are racing toward her, members of liberty parties aboard eager to get front seats. The King and Queen of England attended this show at Queenstown.

In the post-office mail for 15,000 men is handled, and money orders are issued.

Virtually every state in the Union is represented among the crew.

## Acme Pig Meal

Equal to milk. Protein 28½ per cent. Is a full and complete ration, nothing else is fed with it. You know how pigs do when fed milk—that is how pigs do when fed ACME PIG MEAL—equal to milk. Start when the pigs will eat, it so takes the place of milk they will wean themselves at eight weeks of age, retain the BABY PIG FAT, prevents RUNTS and SET BACKS at the weaning time.

You can wean your pigs at eight weeks of age and wean them successfully and prevent the SET BACKS AND RUNTS if you will follow these instructions:

When your pigs commence to eat, build a "creep" and feed the pigs by themselves. Mix one part of ACME PIG MEAL with seven parts of water, and give your pigs, and only feed the amount they will eat. If any is left in the trough at night, feed to the sows, otherwise if left in the trough may sour.

Increase the ACME PIG MEAL as they require, feeding all they will eat, and by feeding the ACME PIG MEAL so takes the place of the sow's milk that the pigs will WEAN THEMSELVES with the sow at eight weeks of age, and thereby PREVENT THE SET BACKS, so common at the weaning time.

## Changeable Speed Mower

The great exclusive advantage of our two-speed mower is bringing us an ever increasing trade. No other mower has it. You don't have to run the mower all the time on the usual fast speed; required for heavy cutting because in medium grass and hay and light hay, weeds, etc., you can use the slower speed, and thus save a great deal of wear on the machine. These gears run in a bath of oil. The sickle bar has three adjustments.

COME AND SEE THIS MOWER AND ALLOW US TO EXPLAIN IT TO YOU.

WASHINGTON PLANS FOR ART MUSEUM

Work on Freer Building of Smithsonian Institution Has Been Resumed Since the War.

TO BE FINISHED IN SEPT.

Washington, June 27.—Washington, with a governmental National Gallery of Art, promises to boast soon the biggest art museum in America.  
 Work on the Freer Building of the Smithsonian Institution which was halted during the war, has been resumed and the building will be completed in September, officials say.  
 This new institution will carry a complete line of Oriental exhibits and will be presented to the National Art Museum by Charles L. Freer of Detroit; Freer, himself for twenty-five years an ardent collector of Oriental art masterpieces, has already decided his collection of 6,200 pieces to the new gallery.  
 Representative Hicks, New York,

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss.:  
 Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 523rd feet in length in said county by grading, dressing and paving with gravel as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 7th day of July, 1919.  
 Bids or proposals will be received up to 2 o'clock p. m. on said date.  
 The said road to be improved is located on line between Rushville and Walker townships in Rush county, Indiana, and is to be known as the latter Hungerford et al road when so improved.  
 This will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for and in connection with said improvement. Said contractor or contractors will be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.  
 Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana; one of whom shall be a resident of Rush county.  
 Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to pay for the same in any particular case, will extra labor or material which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.  
 Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.  
 Given by order of the Board of Commissioners of said county.  
 WM. H. McMILLIN,  
 Auditor Rush County.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## MORE THAN 27,000 IN INDIANA CLUBS

Z. M. Smith, State Leader in Boys And Girls Club Work, Makes Semi-Annual Report

### COVERS EVERY FARM PHASE

Home Garden Clubs Stand First in Membership and The Pig Clubs Are Next

Lafayette, Ind., June 27.—Twenty-seven thousand, four hundred, seventy-nine boys and girls are members of clubs in Indiana according to the semi-annual report of Z. M. Smith, state leader in boys and girls club work in Indiana. The organizations range from corn to rabbit clubs and include, among others, those of home garden, pig poultry, dairy, sewing and baking. Practically every phase of farm and home life is covered by some club and statistics indicate that much is being accomplished by the work in the state.

Home garden clubs stand first in membership with a total enrollment of 19,674 for the 93 organizations reported. Pig clubs are next with a total membership of 2260 for the 232 clubs. The corn and sewing units both have a membership of more than 1,000. The membership of the other clubs is as follows: 26 potato clubs-158; 83 canning-974; 60 poultry-898; 8 baby beef-60; 9 dairy calf-201; 7 beef calf-210; 7 sheep-101; 23 baking-210; 9 house-keeping-101; 15 rabbit-130; 56 miscellaneous-574.

Each club is organized with a definite purpose in mind and as a result, each has different rules with which each member must comply in working out the project of the organization. The corn clubs require that each member shall have at least an acre of ground while twenty-five bakings are required for membership in the baking clubs. The poultry clubs require three settings and canning clubs require 60 cans for a senior standing and 35 for a junior. Only one-eighth of an acre or more is required for membership in the potato clubs and 750 square feet in home garden clubs. One or more pigs makes a boy or girl eligible for membership in the pig clubs. The baby beef, dairy calf and beef calf clubs require one or more animals apiece while three or more ewes are required before one can become a member of a sheep club. Three garments, together with "one patch and one darn" are the requirements for the project of the sewing clubs while a trio of rabbits makes a boy or girl a member of a rabbit club. Each organization requires that its members keep an accurate record of cost of production and time spent on the projects. Club work in the state shows a high degree of organization which aims to interest the boys and girls in practical work and develop them for future farmers and home makers.
